Presentation: In a presentation entitled "Peruvian Mint Scandal," Ed Sin informed us that beginning in the 1580's, the Peruvian mint at Potosí produced cobs weighing 27.89 grams with 93% fine silver. Because of their fixed metallic fineness and weight, they circulated throughout the world. In the 1620's the cobs produced at the mint changed in appearance—because, in fact, they were produced with metal of less silver content. Philip IV, the Spanish monarch, was unable to intervene in the production of the degraded cobs because of his involvement in European wars. However, in the 1640's the king replaced the ½, 1 & 2 reales coins and devalued the 4 & 8 reales coins. His representative fined and/or executed those responsible for the degraded coinage. Bruce thanked Ed and presented him with the club's certificate of appreciation.

Auction: Bruce auctioned 16 lots, including one donated lot. Taylor Wren and Bob Lusk were runners. Dennis Pagano arranged the lots.

Drawing: In the drawing, Aaron Houston won 2 silver prizes; Mike Turrini, Greg Pang, Bruce Caires, and Bob Lusk won one silver prize each. The meeting was adjourned at 9:12pm.
